REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: Claims 28-39 are allowed over the prior art of record. Current invention teaches a flashing light system and an inertia switch, and the method of controlling the system with the switch. The flashing light system is mounted in footwear, article of clothing or an accessory worn by a user. The inertia switch is comprised of a first and second fixed contacts mounted side by side, a first fixed magnet, and a second movable magnet above the first, where repulsive force between the magnets keeps the switch normally open. Prior art of record neither discloses nor suggest the claimed structural relationship of the current invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
